

Trailed Concord Chain Harrow

Trailed Concord Chain Harrow

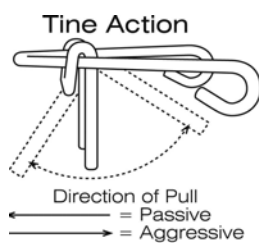

Our range of Concord chain harrows are designed to cover all applications from large farms to small holdings. Both Mounted and Trailed Concord Chain Harrows are manufactured from 1/2" diameter high quality high carbon steel which ensures that the harrow is extremely strong with high resistance to wear. Trailed Chain Harrows are available in widths from 4'-0" through to 20'-0" and can be supplied either complete with drawbar or sections only.

Grass Harrows have shown over the last century how versatile they are in the farming industry which is why there is still a large market place for this type of equipment.

Reasons for harrowing include:

- Pasture renovation; breaking up and levelling heavy soil.
- Root aeration; for better water infiltration and growth.
- Works in fertiliser to both spread and maximize effectiveness.
- Surface levelling in equestrian centres, race tracks, and running tracks.
- Stimulates growth by aerating and loosening thatch.
- Environmentally friendly grass care.
- Excellent for ripping out moss, spreading manure, and levelling mole holes.

The robust design of the tines embodies strength throughout.

Trailed Specification

Style	Width (ft)	Pulling Points	Depth (ft)	Tine Size	Application	Weight (kg)
						Assembly
Concord	4'-0"	5	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	68.0
Concord	6'-0"	7	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	110.0
Concord	8'-0"	10	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	145.0
Concord	10'-0"	12	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	180.0
Concord	12'-0"	14	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	207.0
Concord	14'-0"	16	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	250.0
Concord	16'-0"	18	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	290.0
Concord	20'-0"	24	7'-6"	1/2" x 3.1/2"	For pasture renovation, breaking up clods and crusting in cultivated ground. Also suitable for sports fields, race tracks and golf courses	365.0
